A bridge to the future

Be bold, venture wisely.
Bridge Bank’s Technology Banking Division provides financing solutions to companies in a variety of technology sectors, and at any stage in the growth cycle. From inception through IPO, and beyond, we are a leading financial partner to companies in Silicon Valley and across the nation who are focused on bringing new technologies to market.

FOCUSED ON ENTREPRENEURS

We believe in the risk-takers, the game-changers and the disrupters - those who believe in leveraging innovation to make the world a better place. Entrepreneurs will drive the future economic growth of our economy — Bridge Bank provides the financial solutions to enable their success.

VENTURE CAPITAL PARTNERSHIPS

Bridge Bank is deeply rooted in the business community, and highly networked with firms throughout the country who provide venture capital and private equity to companies seeking the financial resources to grow. We’ve partnered with a wide-range of investors on deals of various sizes, and from mergers and acquisitions to corporate buyouts and IPOs. Yet, we remain committed to building relationships that endure beyond financial transactions.

UNIQUE DEBT FINANCING SOLUTIONS

It’s not just the financial products we offer that make us unique, although our capabilities match or exceed those of larger institutions. But rather it’s the way we structure them around each client’s unique situation that make Bridge Bank different than any other financial partner.

RELATIONSHIPS ARE EARNED, NOT ASSIGNED

At Bridge Bank, we believe your trust is earned over the long-term by our consistent delivery of an exceptionally-high level of service. So our bankers go to great lengths to ensure you’re impressed by our knowledge, expertise and willingness to be an advocate on your behalf.

“Bridge Bank understands the cycles of the business and the drivers. Bridge Bank was able to come up with a structure that is beneficial to the bank and beneficial to StumbleUpon.”

Mark Bartels
StumbleUpon – CEO
Client Since 2007

FINANCIAL SOLUTIONS INCLUDE:

- Growth Capital
- Working Capital Lines of Credit
- Term Financing
- Bridge Loans
- Venture Debt
- Deposit Solutions
- Treasury Management Services
- International Banking

“In the banking environment that we all live in – and have lived in over the past few years – Bridge Bank has really stood out... Bridge Bank has been a great partner.”

~Jim Davidson, Silver Lake

“Bridge Bank was there for us when other banks didn’t even understand our business. The team dug in, got us the services we needed, made great introductions to potential partners and helped us grow. More than you could ask for from any bank...they delivered.”

~Kevin Surace, Serious Energy

“Bridge Bank believed in us from the beginning. With their support, we got off the ground with greater financial flexibility and resources to enhance our growth.”

~Joe Kennedy, Pandora
